

Client meeting

13 MAY 2020 / 10:00 AM

Attendees

Shirley de Wit, Andrei Geadau, Dragos Vecerdea, Alin Dondera, Alex Manolache, Ionut Constantinescu

Topics discussed

1. Progress update
2. Ask questions about unclear parts of the quiz structure/quiz questions
3. Give demo of the first version of the quiz

Notes

- Demo Feedback:
 - Kids get random video. Keep track of list of videos in the database and send random ones.
 - Refresh logs you out. Would be nice if kids cannot refresh the page.
 - Session should persist long enough.
 - Should be possible to be logged in with the admin account on multiple laptops simultaneously (now you can only be logged on one laptop). This is needed because you have to login with admin credentials to be able to launch the test and there will be only one admin account.
 - Parents can complete the consent form from home but the children must be at the museum at that time. (so they can be assigned a laptop to complete the test)

Action Items

1. Have a team meeting to analyze the feedback and decide how to integrate it.

Next Meeting Agenda

Next meeting with the client is the midterm meeting on 20/05/2020. A demo needs to be provided.
