

Midterm meeting

20 MAY 2020 / 9:00 AM

Attendees

Myrthe Tielman, Daphne van Tetering, Shirley de Wit, Andrei Geadau, Dragos Vecerde, Alin Dondera, Alex Manolache, Ionut Constantinescu

Topics discussed

1. Midterm progress presentation
2. Demo
3. Q&A

Notes

- We are on track and the development is going well.
- Frontend feedback:
 - enter a keyword before pressing confirm to cancel the test
 - change likert scale design to be more intuitive
- Make 'Load questions' button more visible. We will have more buttons anyway. (control board for admin)
- Have to add a word to close quiz so that it won't be closed by accident.
- Likert scale is not clear enough for kids. (remove line)
- For the pilot (on 7th of June): only two of us should go in a day.

Action Items

1. Incorporate the feedback into the application
2. Continue the good work and stick to the planning

Meeting Agenda

Meeting about final report with Myrthe on 16th June at 09:00 (send zoom meeting via email)

Follow-up meeting with the client right after this one.
