

# Client meeting

18 JUNE 2020 / 13:30 PM

## Attendees

Shirley de Wit, Andrei Geadau, Dragos Vecerdea, Alin Dondera, Alex Manolache, Ionut Constantinescu

## Topics discussed

1. Dissemination application feedback
2. Final report feedback
3. Other questions

## Notes

- The way we calculate the results is good
- The dissemination app will only have gender-profession IAT
- Mention Science Live and VHTO in the report
- Explain why made a specific choice? (TA also said this)
- The term "quiz" is not clear
- Mention that "quiz" refers to the whole test
- Can add screenshots to the appendix
- Final product chapter is a bit confusing. Should have pictures of the final product for example
- Longer conclusion - add some details such that the reader completely understands what we did
- Use the email: [dewit@vhto.nl](mailto:dewit@vhto.nl) for sending the results
- Schedule a meeting to explain the code to the client.

## Action Items

1. Finish the applications
2. Integrate the feedback and finish the final report
3. Schedule a meeting for explaining the code (after the presentation)

## Next Meeting Agenda

This is the last meeting with the client during the Software Project course.
